MEMORANDUM FOR MR. JAMES ROWE, JR.  
ASSISTANT TO THE ATTORNEY GENERAL

Reference is made to your memorandum of the 21st instant advising of a recent report to the Interior Department stating that the Army still has incarcerated a large number of American citizens against whom no charges have been brought, and who have been given no hearing, and requesting that this Bureau ascertain discreetly, and without conducting an investigation, whether the condition as represented exists.

As you know, martial law was declared in the Territory of Hawaii immediately after the Japanese attack on Pearl Harbor, and still prevails in the Hawaiian Islands. In addition, the military authorities are charged with the apprehension and internment of dangerous alien enemies in Hawaii, Alaska and the Panama Canal Zone. It is known that the military authorities in Hawaii have detained a number of American citizens, some of whom have subsequently been sent to the Continental United States.

Inasmuch as the exact present status of the War Department's activities in connection with American citizens is not known to this Bureau, it is suggested that you may desire to communicate with War Department officials for the information which you desire.

OFFICE  
THE ASSISTANT TO THE  
ATTORNEY GENERAL

MEMORANDUM FOR J. EDGAR HOOVER.

Attention: EC Team

A recent report to the Interior Department by a Special Assistant to Secretary Ickes states that the Army still has incarcerated a large number of American citizens against whom no charges have been brought, and who have been given no kind of a hearing, despite the fact Pearl Harbor occurred almost two years ago.

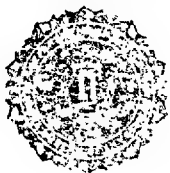

Will you ascertain as discreetly as possible, and without conducting an investigation, whether this condition as represented exists. Also ascertain whether sentences are given and whether they follow the regular procedure of martial law.

I would appreciate a quick teletype on this.

Re: Internal Security  
Alien Enemy Control  
Juneau Field Division

Dear Sir:

Reference is made to Bureau letter dated May 15, 1942, under the caption "Field Division Arrest Register, Alien Enemy Control", in which the Juneau Office was instructed to furnish a duplicate original of the permanent arrest record maintained by the Juneau Office in connection with the apprehension of German, Japanese and Italian aliens. Reference is also made to the telegram dated May 28, 1942, submitted to the Bureau in answer to the above-mentioned letter, in which the Bureau was advised that inasmuch as the arrest, detention and internment of enemy aliens in Alaska has, since December 10, 1941, been under the jurisdiction of Army authorities, no arrest registers were maintained by the Juneau Office.

There are attached hereto two copies of a memorandum reflecting a complete list of the enemy aliens arrested and interned or paroled or released in the Territory of Alaska, setting forth the names of those aliens apprehended at the instance of the Juneau Office prior to the time the Army assumed control and the names of those individuals arrested subsequent to the time the Army assumed control of enemy aliens.

Re: INTERNAL SECURITY  
ALIEN ENEMY CONTROL  
JUNEAU FIELD DIVISION

In connection with the encaptioned matter, there is set out below a complete list of the alien enemies apprehended by the Juneau Field Division and the United States Army authorities in the Territory of Alaska since the outbreak of war on December 7, 1941. These names were obtained through a review of the Juneau files and from information furnished by Lieutenant Colonel H. A. MURPHY, Provost Marshal, Alaska Defense Command. This information is being set out in two sections, the first section covering those enemy aliens apprehended by the Juneau Office prior to the time that the apprehension and detention of enemy aliens was taken over by the United States Army. All hearings given to these persons were before Army Civilian Hearing Boards, inasmuch as the Army assumed jurisdiction over alien enemies prior to the time any hearings were afforded.

At the outbreak of war the following enemy aliens were apprehended at the instance of the Juneau Field Division:

Re: Internal Security

Dear Sir:

Reference is made to Bureau letter dated May 15, 1942, under the caption "Field Division Arrest Register, Alien Enemy Control", in which the Juneau Office was instructed to furnish a duplicate original of the permanent arrest record maintained by the Juneau Office in connection with the apprehension of German, Japanese and Italian aliens. Reference is also made to the telegram dated May 28, 1942, submitted to the Bureau in answer to the above-mentioned letter, in which the Bureau was advised that inasmuch as the arrest, detention and internment of enemy aliens in Alaska has, since December 10, 1941, been under the jurisdiction of Army authorities, no arrest registers were maintained by the Juneau Office.

There are attached hereto two copies of a memorandum reflecting a complete list of the enemy aliens arrested and interned or paroled or released in the Territory of Alaska, setting forth the names of those aliens apprehended at the instance of the Juneau Office prior to the time the Army assumed control and the names of those individuals arrested subsequent to the time the Army assumed control of enemy aliens.

Very truly yours,

Re: INTERNAL SECURITY  
ALIEN ENEMY CONTROL  
JUNEAU FIELD DIVISION

In connection with the encaptioned matter, there is set out below a complete list of the alien enemies apprehended by the Juneau Field Division and the United States Army authorities in the Territory of Alaska since the outbreak of war on December 7, 1941. These names were obtained through a review of the Juneau files and from information furnished by Lieutenant Colonel H. A. MURPHY, Provost Marshal, Alaska Defense Command. This information is being set out in two sections, the first section covering those enemy aliens apprehended by the Juneau Office prior to the time that the apprehension and detention of enemy aliens was taken over by the United States Army. All hearings given to these persons were before Army Civilian Hearing Boards, inasmuch as the Army assumed jurisdiction over alien enemies prior to the time any hearings were afforded.

At the outbreak of war the following enemy aliens were apprehended at the instance of the Juneau Field Division:

Dear Sir:

Reference is made to your radiogram of January 14, 1942, concerning jurisdiction over alien enemies in the Territory of Alaska.

As suggested in your communication, you will continue to investigate all allegations of violations of the Espionage, Sabotage and related Statutes. With respect to complaints received by your office concerning an alien enemy, which complaints suggest that an investigation is warranted and desirable, the investigation should be instituted under the Internal Security, Alien Enemy Control classification with a view to determining whether the subject is engaged in espionage, sabotage or any other violation of the law. During the progress of this investigation, as soon as it is determined that the matter is restricted solely to a question of alien enemy control, the investigation should be discontinued, and full data furnished to the Military Intelligence Division.

Very truly yours,

Reference is made to your memorandum of December 24, 1941, wherein you request certain information with regard to the procedure to be followed by your Bureau in connection with Army jurisdiction of enemy alien control in Alaska.

The United States Attorney and the hearing boards will not function in Alaska as originally planned.

From the information transmitted to the Alien Enemy Control Unit by the War Department, it is understood that hearing boards will be used by the Army in substantially the same manner as set up by the Department of Justice; the United States Attorney, however, is not an integral part of the procedure adopted by the War Department.

The War Department would appreciate receiving copies of all investigated reports on all enemy aliens arrested by the Bureau up to the time the Army assumed jurisdiction, and the Army is agreeable to having the reports forwarded directly to it or to the United States Attorney for transmittal to it, whichever method the Bureau finds preferable. The Army does request, however, that it be advised which procedure is adopted by the Bureau.

The War Department would also appreciate the Special Agents of the Bureau presenting the evidence before the boards on all enemy aliens arrested by the Bureau. The War Department also requests that all reports on individuals on the custodial detention list for Alaska be transmitted by your Bureau to it.

Very truly yours,

Pursuant to your instructions, I telephonically contacted Mr. L. M. C. Smith of the Department relative to his memorandum with reference to the Army taking over the Alaska Peninsula, Aleutian and Pribilof Islands, et cetera, and told him that you had received the impression from talking to him that this referred to all of Alaska.

Mr. Smith stated that this pertains only to the Alaska Peninsula and the Islands, that the Army has not requested jurisdiction over the rest of Alaska. Mr. Smith stated that if you desired to be relieved of other jurisdiction in Alaska he would be glad to see what could be done, but the memorandum only referred to the Army taking over the Alaska Peninsula and the Islands.

MEMORANDUM FOR MR. J. EDGAR HOOVER, DIRECTOR,  
FEDERAL BUREAU OF INVESTIGATION

Re: Apprehension, detention, interrogation and internment  
of all male or female alien enemies in the Alaskan  
Peninsula and adjoining Aleutian, Pribilof and Kodiak  
Islands

Major Karl R. Bendetson, speaking for the War Department, has notified this Department that it is considered desirable and practical that there be an amendment of the Joint Agreement, dated July 18, 1941, entered into between the Secretary of War and the Attorney General, so as to provide that the responsibility for carrying out the terms of the Presidential Proclamations, dated December 7 and 8, 1941, respecting alien enemies, be exercised under the jurisdiction of the Military Commander in the Alaskan Peninsula and in the above described adjoining islands.

He has asked that formal letters, outlining this proposed amendment, be exchanged between the parties at the earliest possible date.

Since the Presidential Proclamations now give jurisdiction to the Attorney General for all apprehensions throughout Alaska, it has been necessary to authorize the Secretary of War to issue warrants for the apprehension of alien enemies in the name of the Attorney General in the Alaskan Peninsula and Islands in question. That authorization has been verbally given, and an authorization to be signed by the Attorney General is in the process of preparation. In assuming this responsibility the War Department will take over complete control in the regions named and agrees to apprehend, detain, interrogate and intern all alien enemies whom the War Department believes should be so treated.

This memorandum is for your information and guidance of the terms of the amendment to the formal agreement will be forwarded to you upon its approval.

MEMORANDUM FOR MR. EDWARD J. MURPHY  
CHIEF, ALIEN ENEMY CONTROL UNIT

In view of the fact that the entire enemy alien program for the territory of Alaska is being handled by the United States Army, it is requested that you advise this Bureau as to whether the United States Attorney and the Hearing Boards will function in Alaska as originally planned, or whether the Army jurisdiction over enemy aliens will change this procedure.

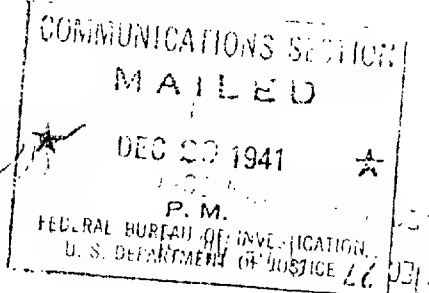

Advice is also requested as to whether copies of investigative reports on all enemy aliens arrested by this Bureau up to the time the Army assumed jurisdiction should be forwarded to the appropriate United States Attorney in Alaska. If the investigative reports are to be furnished to the United States Attorney, it is requested that you advise this Bureau whether it would be necessary for Special Agents of the Federal Bureau of Investigation to present the evidence before the Hearing Board on all enemy aliens arrested by the Federal Bureau of Investigation in Alaska.

I also desire to be advised as to whether the Juneau Field Office should transmit to the appropriate Army and Navy officials in Alaska all reports on individuals, whether they be citizens or aliens, presently on the custodial detention list for Alaska.

Re: Custodial Detention,  
United States Citizens

Dear Sir:

Reference is made to Bureau telegram of December 18, 1941, containing instructions to the Juneau Office to furnish to the Bureau the names, identifying and supporting data concerning persons of American citizenship of Japanese, Italian, German, Hungarian, Bulgarian or Rumanian nationality who should be considered for custodial detention if and when the Department decides such action is necessary.

For reference purposes the names of persons appearing in the Juneau files who are being considered for custodial detention are broken down into three groups, namely: pro-Nazi, Communist and Japanese, it being noted that there are no persons of Italian, Bulgarian, Rumanian or Hungarian nationality being considered for custodial detention by this office.

Relative to persons having Communistic sympathies, it is noted that there is a total of 23 such persons being considered for custodial detention. However, a review of the files on these persons, in view of the present alignment of Russia with the Allies in the present war, fails to indicate that any of them who are citizens are considered dangerous enough to be actual enemies to the Internal Security during the present war efforts. For this reason it is recommended that none of these persons be apprehended at the present time.

There are no persons of Japanese nationality who are citizens of the United States who are being considered for custodial detention.

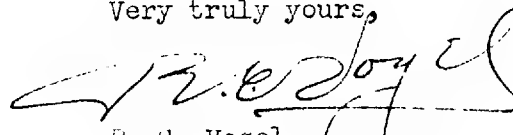

1947  
CONFIDENTIAL

1

Custodial Detention;  
United States Citizens

There are presently twelve persons having pro-Nazi sympathies who are being considered for custodial detention by this office. Of these persons two are German aliens, namely: PAUL GUNTHER VICTOR KURZ, with aliases, Ketchikan, Alaska, and ARNST JURGENSEN ARNSTEN, with aliases: JOHN JACOBSS and ARNST ARNSTEN, Fairbanks, Alaska. Subject KURZ, as the Bureau has already been informed, is in custody, and ARNST ARNSTEN has been referred to the Military Intelligence Officer of the Alaska Defense Command as a German alien. Relative to the remaining persons of German or pro-Nazi sympathies, separate letters are being written containing names, identifying and supporting data and recommendations made by this office relative to their apprehension. It is noted that these persons are Mrs. JOSEPH A. KENDLER, naturalized United States citizen, Juneau, Alaska; ERNEST E. STENDER, naturalized United States citizen, Juneau, Alaska; ALFRED GREENWALD, naturalized United States citizen, Hoonah, Alaska; ROBERT GREENWALD, United States citizen by birth, Hoonah, Alaska; ERNEST ALFRED KOHLHAAS, United States naturalized citizen, Sumdum, Alaska; Mrs. GLADYS TREFFZGER, United States citizen by birth, Yakutat, Alaska; LEONARD TREFFZGER, Naturalized United States citizen, Yakutat, Alaska; H. Re: Custodial Detention,  
United States Citizens

Dear Sir:

Reference is made to Bureau telegram of December 18, 1941, containing instructions to the Juneau Office to furnish to the Bureau the names, identifying and supporting data concerning persons of American citizenship of Japanese, Italian, German, Hungarian, Bulgarian or Rumanian nationality who should be considered for custodial detention if and when the Department decides such action is necessary.

For reference purposes the names of persons appearing in the Juneau files who are being considered for custodial detention are broken down into three groups, namely: pro-Nazi, Communist and Japanese, it being noted that there are no persons of Italian, Bulgarian, Rumanian or Hungarian nationality being considered for custodial detention by this office.

Relative to persons having Communistic sympathies, it is noted that there is a total of 23 such persons being considered for custodial detention. However, a review of the files on these persons, in view of the present alignment of Russia with the Allies in the present war, fails to indicate that any of them who are citizens are considered dangerous enough to be actual enemies to the Internal Security during the present war efforts. For this reason it is recommended that none of these persons be apprehended at the present time.

There are no persons of Japanese nationality who are citizens of the United States who are being considered for custodial detention.

Custodial Detention;  
United States Citizens

There are presently twelve persons having pro-Nazi sympathies who are being considered for custodial detention by this office. Of these persons two are German aliens, namely: PAUL GUENYHER VICTOR KURZ, with aliases, Ketchikan, Alaska, and ARFST JURGON ARFSTEN, with aliases: JOHN JACOBS and ARFST ARFSTEN, Fairbanks, Alaska. Subject KURZ, as the Bureau has already been informed, is in custody, and ARFST ARFSTEN has been referred to the Military Intelligence Officer of the Alaska Defence Command as a German alien. Relative to the remaining persons of German or pro-Nazi sympathies, separate letters are being written containing names, identifying and supporting data and recommendations made by this office relative to their apprehension. It is noted that these persons are Mrs. JOSEPH A. KENDLER, naturalized United States citizen, Juneau, Alaska; ERNEST A. STENDER, naturalized United States citizen, Juneau, Alaska; ALFRED GREENWALD, naturalized United States citizen, Hoonah, Alaska; ROBERT GREENWALD, United States citizen by birth, Hoonah, Alaska; ERNEST ALFRED KOHNHAAS, United States naturalized citizen, Seward, Alaska; Mrs. GLADYS TREFZGER, United States citizen by birth, Yakutat, Alaska; LEONHARD TREFZGER, Naturalized United States citizen, Yakutat, Alaska; H. C. TILZERMAN, naturalized United States citizen, Wrangell, Alaska; JOHN LINSK, naturalized United States citizen, Fairbanks, Alaska; and GEORGE BALTAZOR, United States citizen by birth, Seldovia, Alaska.

MEMORANDUM FOR MR. E. A. TAMM

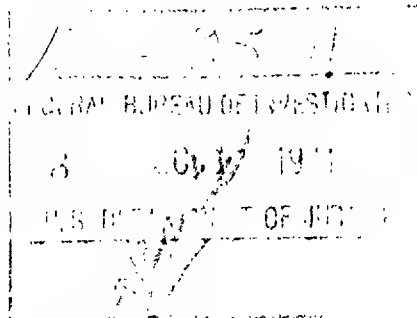

Mr. Kelly of the Immigration and Naturalization Service called me to determine what disposition should be made of those Japanese arrested in Alaska and in the District of Columbia. I advised him that the Department had authorized that all such persons be turned over to the I & N Service.

Mr. Kelly was of the opinion first that the persons arrested in Alaska should be turned over to the War Department. I advised him, however, that instructions from the Department were to the effect that the I & N Service should take them for temporary detention. Mr. Kelly stated that he would make the arrangements to have the I & N Service handle those arrested in Alaska and in the District of Columbia and that the Immigration Service would then turn them over to the Army.

December 19, 1941

MEMORANDUM FOR MR. D. M. LADD

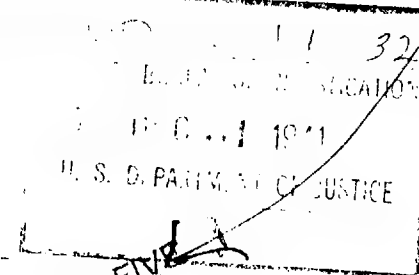

SAC Kitchin of the Dallas Field Office telephonically communicated with me, advising that on one of the first days after the declaration of war, the Dallas Field Office picked up a Japanese who claimed he was a United States citizen, having been born in the Philippine Islands. Inasmuch as he had no proof of that and he was considered a dangerous individual, he was interned and turned over to the Immigration and Naturalization Service. It now appears that he has produced definite proof that he is a citizen and Mr. Kitchin desired to know what action was necessary to get him released from the internment camp.

I advised him that this is a matter which should be taken up by him with the local USA, who was the proper individual to conduct hearings on individuals custodially detained and that if the USA was not of the opinion that he had authority to release this individual from the internment camp, the USA should then take it up with the Department. Mr. Kitchin advised that this is the method he would pursue.

Respectfully,

*D. L. Traynor*

Mr. Kitchin, Dallas, telephonically contacted me in regard to the teletype he had received. Mr. Kitchin made reference to the memorandum dated July 24, 1941, from Chief, Special Defense Unit, concerning the A, B and C categories and characterizing individuals for possible custodial detention in the event of a national emergency. Mr. Kitchin advised that they did not have a single Japanese that they had submitted a custodial detention memorandum on, but that they did have some aliens who were trying to get out on them.

I advised Mr. Kitchin to follow the instructions in the teletype very carefully, and only those Japanese were to be picked up on whom custodial detention dossiers had been submitted. I also advised Mr. Kitchin that a surveillance of aliens would not be necessary unless there was reason to believe that they are potentially dangerous.

Respectfully,

D. M. Ladd

Dear Sir:

There follows hereafter a list of the individuals for whom active custodial detention cards are maintained at the Bureau together with the address of each individual. This list does not include alien enemies or individuals who have been inducted into the armed services inasmuch as these cards should have been placed in the investigative files.

In the event such a discrepancy exists, the Bureau should be advised by separate letter in each individual case.

It is noted from the above list that in many instances the full correct name of the subject has not been ascertained. In order for the list to be accurate, it is believed that the full name in each case should be listed on the custodial detention card. With regard to the cards maintained under the unknown citizenship classification, you have previously been requested to conduct additional investigation in an effort to ascertain the citizenship status of these individuals.

It is expected that the check made against your confidential custodial detention card file will be made in a thorough manner in order that no discrepancy will exist.

Re: INTERNAL SECURITY (F)  
CUSTODIAL DETENTION

Dear Sir:

This has reference to Bureau teletype dated September 28, 1942 requesting a summarization of information concerning potentially dangerous individuals of French nationality or sympathies.

In this connection reference may be had to the report of Special Agent J. S. JOHNSON, Denver, Colorado, dated May 15, 1942 entitled, "Survey of French Activities in the United States; Internal Security (F)". From this report and other information at hand it appears quite certain at the present writing that there is no person in the Denver Field Division whose background indicates anti-American tendencies sufficient to be classed as dangerous.

People of French descent in this area are uniformly DeGaulle sympathizers or neutral.

Yours truly,

## Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: October 1, 1946

FROM : SAC, Denver

SUBJECT: FIELD DIVISION ARREST REGISTER  
ALIEN ENEMY CONTROL

Reference is made to SAC letter number 98, series 1946, dated September 10, 1946, which authorized all field divisions to destroy alien arrest registers and discontinue the submitting of the recapitulation letter.

For the Bureau's information, the alien arrest registers have been destroyed in the Denver Field Division. A check of the files reveals, however, that the recapitulation letter for June 30, 1946, has not been submitted from this office, and for the Bureau's information the statistics which should have been reported in that letter are as follows:

Re: FIELD DIVISION ARREST REGISTERS  
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to Bureau Bulletin No. 46, Second Series, 1943, dated September 22, 1943, which instructed that reports showing the number of aliens arrested should be submitted on January, April, July and October rather than monthly.

For the Bureau's information, there were no arrests of citizens or aliens in the Denver Field Division during the past four months period and there have thus been no changes made in the permanent Arrest Registers maintained in this office.

Very truly yours,

## Another Enemy Alien Held; Total Is 16

The Federal Bureau of Investigation in El Paso today reported the arrest of another enemy alien, bringing the total arrested in the El Paso area since America's entry into the war to 16.

What disposition will be made of the aliens may never be disclosed. Cases of most of the aliens were heard by a Texas enemy alien board which met here recently, but its report to the U. S. attorney general will be confidential, it was said.

Enemy aliens considered dangerous will be interned for the duration of the war, but U. S. officials said that the names of aliens interned, paroled, or released may remain buried in Government files.

MEMORANDUM FOR MR. LADD

11:00 p.m. - 12/7/41

Pursuant to instructions I called Mr. Bryce of the El Paso Office in connection with the attached teletype. At that time he had made all arrangements for the arrest and detention of the individuals mentioned in the teletype but had done nothing toward picking them up and was awaiting Bureau instructions. I advised him in connection with the Bureau's policy and he stated that two of the individuals mentioned were within the classification of aliens whose activities were inimical to the internal security of this country and accordingly, ~~they~~ *would* proceed with their arrest and detention.

Mr. Bryce was requested to advise the Bureau of each apprehension when it was effected and of the disposition of each case.

Respectfully,

*JBM*

MEMORANDUM FOR MR. E. A. TAMM

SAC Bryce of the El Paso Office telephonically contacted me in an effort to secure information regarding the apprehension of German, Japanese and Italian aliens.

I advised him that if he had some aliens about which he was doubtful that he should send the Bureau a teletype indicating the person's name, whether or not he was an alien, and include a brief summary about the subject. The Bureau would then take up the matter with the Department for authority. However, I advised that he should check the names which the Bureau sent him (for which we have warrants) to be sure that no citizens are included by mistake. I told him that after these persons have been turned over to the Immigration and Naturalization Service, our responsibility is ended. I asked him if he were fingerprinting the aliens.

He advised me that this had not been done but that the Immigration and Naturalization authorities had promised to do so, giving the El Paso Office a copy of all fingerprints taken in this connection.

MEMORANDUM FOR MR. E. A. TAMM

5:20 PM

SAC Bryce of the El Paso Office called and wanted to know what should be done in such cases as the following:

He wanted to know how to report the information when he picks up a suspect and turns him over to the Immigration authorities. Bryce was advised that a letter setting forth all the information on each individual should be submitted to the Bureau; that the suspect was picked up at a certain time and turned over to the Immigration and Naturalization Service.

Bryce wanted to know how he should go about questioning each suspect. I told him he should try to get as much information as possible from each suspect. I told him, however, that if the suspect refused to talk, there is nothing he could do about it.

Bryce wanted to know about the disposition of the property of the alien. I told him the personal property should be turned over to the Immigration Bureau along with the prisoner, but the evidence should be retained.

Bryce wanted to know what should be done about suspects that have recently been naturalized. He stated he has some German suspects who were aliens but who recently received their naturalization papers and who should be picked up. I told him he should wire the facts of each individual to the Bureau so that we can get clearance from the Department as to whether or not they want such individuals picked up. I told him after we received the Department's ruling, the Bureau would wire him back on each case.

Respectfully,

D. M. Ladd
